

Activation Devices - Pushbuttons

Various Models

Standard Crosswalk Pushbutton

The *Standard Crosswalk Pushbutton* is an effective, affordable solution for activating Rectangular Rapid Flashing Beacons, Round Warning Beacons, Flashing LED Signs or Pedestrian Hybrid Beacons. ADA and MUTCD compliant, the *Standard Crosswalk Pushbutton* is easily accessible and vandal resistant.

- ▶ Audible tone and visual indicator activate upon button press
- ▶ Vandal resistant aluminum and stainless steel construction
- ▶ ADA and MUTCD compliant

CalTrans-Compliant Pushbutton

The *CalTrans-Compliant Pushbutton* is an effective, affordable solution for activating Rectangular Rapid Flashing Beacons, Round Warning Beacons, Flashing LED Signs and Pedestrian Hybrid Beacons. ADA and MUTCD compliant, the *CalTrans-Compliant Pushbutton* is easily accessible and vandal resistant.

- ▶ Audible tone and visual indicator activate upon button press
- ▶ Vandal resistant aluminum and stainless steel construction
- ▶ ADA and CalTrans compliant

"Talking" Crosswalk Pushbutton

Upon activation, the *"Talking" Crosswalk Pushbutton* provides feedback regarding the status of Rectangular Rapid Flashing Beacons, Round Warning Beacons or Flashing LED Signs. Spoken advisories are available in multiple languages while synchronized flashing LEDs on the placard confirm an active system.

- ▶ Spoken advisories available in multiple languages
- ▶ Bright LEDs flash in unison with the crosswalk warning system
- ▶ ADA and MUTCD compliant

Decorative Bollard Pushbutton System

The *SC320PB Decorative Bollard Pushbutton System* provides an attractive alternative to pole-mounted pushbuttons. The *SC320PB* offers a stand alone brushed aluminum bollard with pushbutton and instructional placard mounted at an ADA compliant height. Audible tone and visual indicator activate upon button press.

- ▶ Brushed aluminum construction is durable and aesthetically pleasing
- ▶ Within-bollard controller eliminates the need to pole-mount hardware
- ▶ Perfect for shopping malls, hospitals and corporate or college campuses
